**Subject:** Superior Barrel and Drum Site

Bonnie,

It was a pleasure speaking with you yesterday. As we discussed, I am representing 3M Company in the above-referenced matter. This e-mail confirms that EPA has granted 3M's request for an additional 30 days to respond to EPA's 104(e) Request for Information. Using January 21, 2014 as the date that 3M received the 104(e) Request, 3M's response will be due on March 21, 2014.

During our call, you indicated that you have pictures of 3 non-hazardous drums on which 3M is identified. This e-mail shall confirm 3M's request for copies of the photographs and any other documents or information EPA has regarding 3M's alleged nexus to the above site. Please forward any such documents or information to me at your earliest convenience.

If you have any questions, please do not hesitate to give me a call. Otherwise, I appreciate your courtesies and look forward to working with you on this matter.

D.J. Camerson, II, Esq.

Mr. Camerson,

As per our conversations on 1/30 and 2/4 you may consider your requests for an extension to March 21, 2014 approved.

Attached you will also find pictures of the labels on the 3 non hazardous drums found on the site with 3M labels on them. Also please note that the 3 drums were empty therefore there wasn't any analytical information for them.

Thank you, Bonnie Hriczko, Enforcement Specialist/On-Scene Coordinator

In my last message to Keith I did request that and I asked the 3m rep to email me to confirm the extension.

Bonnie, I received a call from "D.J. Camerson", who represents 3M, 973-660-4433, and spoke to him earlier today. He's requesting nexus information and a 30 day extension. I suggested that he call you with regard to both questions, so you should expect his call. I didn't give him a response to the extension request except to say that we were granting extensions. Thanks. --Bill
